

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

P R E F A C E .

The Editors have now the pleasure of issuing the first volume of Nottinghamshire Marriage Registers. Much interest has been taken in the proposal, and such willing support has been accorded that they propose to continue the series in similar volumes, the second of which is already in the printer's hands, and will contain the remaining part of Bingham Wapentake.

Genealogists, not only in Nottinghamshire, but throughout the whole English world, will appreciate this systematic attempt to render available the information contained in parish registers which to most students are at present almost sealed books. These printed copies will preserve the information they contain, even though the originals be lost by carelessness, theft, or fire. Moreover, registers in the past have been sometimes tampered with for wrongful purposes, a risk which printed copies will in the future obviate.

The present volume deals with the whole of the northern half of Bingham Wapentake, with the single exception of Langar. Unfortunately, permission to print those registers could not be obtained, which the Editors much regret, for the Langar registers are peculiarly interesting, since it is the parish to which belonged the Nottinghamshire families of Chaworth, Scroope, and Howe.

The Editors have to acknowledge the help rendered by the Rev. T. W. Swann, of Orston, and by Mr. Thos. M. Blagg, of Newark-upon-Trent, in transcribing registers. Mr. Blagg's ready assistance has permitted the volume to be issued at a much earlier date than would otherwise have been possible.

The reader is also indebted to the clergy who have most

willingly concurred in allowing the registers to be printed. Their names are mentioned under the respective parishes.

Every care has been exercised in the transcription of the copy, and in many cases the proofs have been collated with the original registers. Still errors may have crept in, from the difficulty of distinguishing certain letters, such as c and t, u, m, n, and i, K and R, O and C, etc. It must also be borne in mind that the existing early registers are themselves but a transcript from the original paper registers made under the order of Elizabeth, in 1597.

The following general facts in the history of Parish Registers may be usefully noted :—

- Thomas Cromwell, the Vicar General, issued the order for keeping parish registers on 29 Sept., 1538.
- Cardinal Pole required the names of sponsors to be added to the register of baptisms 1555.
- The registers were directed to be transcribed anew on parchment, and minute regulations laid down for their preservation 25 Oct., 1597.
- These regulations were embodied in the 70th Canon in 1603.
- The Commonwealth directed "parish registers" to be appointed 22 Sept., 1653.
- Civil marriage was instituted 29 Sept., 1654.
- These civil marriages were legalized by Act of 12 Car. II, c. 33, in 1660.
- Duties on the registration of baptisms, marriages, and burials, 1694, 1698.
- Lord Hardwicke's Marriage Act took effect 25 March, 1754.
- Duty of 3*d.* on every entry in a register imposed by 23 Geo. II, c. 71, 1783.
- And repealed, 34 Geo. III, c. 11, 1794.
- Rose's Act, 52 Geo. III, c. 146, took effect 1813.
- Civil Registration commenced 1 July, 1837.

The entries have been reduced to a common form, and the following abbreviations adopted :—

<p>w.=widower <i>or</i> widow. s.=spinster, single woman, <i>or</i> son. d.=daughter of.</p>	<p>p.=of the parish of. dioc.=in the diocese of. co.=in the county of. lic.=marriage licence.</p>
---	--

It must be remembered that these printed abstracts of marriage registers are not "evidence" in the technical sense. Certified copies must still be obtained when evidence of a marriage is needed for proving a pedigree in a court of law,

or when registering it at Heralds' College. For such certificates application must be made to the clergy in charge of the original registers.

It may be convenient to note here that the registers of several parishes in North Notts have already been printed by Dr. G. W. Marshall. They are:—Carburton, 1528-1812; Carlton-in-Lindrick, 1539-1754; Edwinstowe, 1634-1756; Ollerton, 1592-1812; Perlethorpe, 1528-1812; Wellow, 1703-1812; Worksop, 1558-1771. Mr. Gibbons has printed Newark marriages for 1650-1662 in the *Northern Genealogist*.

Ultimately, no doubt, the baptisms and burials will find their way into print, but it seems expedient to issue the weddings first, as the Editors are doing in the present series.

No index is issued with the volume, as the Editors believe that it is better to print as many registers as possible, and to defer index-making until the registers still in manuscript are placed beyond the risk of loss.

[When the new Register was commenced, under Lord Hardwicke's Act, the Rector discontinued entering marriages in this book. Later on this note appears:—

"No Marriages entered till 1766."

"J. Walter, Rector, April 27, 1767."

From 22 Jan. 1766 to 25 Dec. 1776 Marriages were recorded in duplicate, both in this volume and in the new statutory volume. It has not been thought worth while to print both, but the variations in spelling between the two records are noted.]

VOLUME III.

NOTE.—This volume is of paper with printed forms, the first portion containing banns and the latter the marriages. It measures 15 inches by 10 inches, and is bound in rough calf. It may be noted that all the parties, unless otherwise described, are stated in the register to be "of this parish", but in this transcript these words are omitted, except in cases where the bride is of another parish.

Marriages at Flintham,

1629 to 1812.

NOTE.—The earlier registers of Flintham consist of five volumes, of which the following is a careful collation:—

Vol. I is a parchment book, and may be collated as follows:—First, a fragmentary parchment cover, then a blank parchment fly-leaf, also torn, then a leaf of parchment measuring 14 inches by 5½ inches, blank on the first side, but on the other containing entries of eighteen marriages between the years 1629 and 1639. These entries have been overlooked in the Parliamentary Return of 1831, which says the marriages in the Flintham registers do not start till 1640. The next four leaves measure 13 inches by 6½ inches, and contain entries of baptisms from 1576 to 1596. The rest of the volume consists of seventeen leaves (in addition to the other side of the cover), measuring about 14½ inches by 6 inches, and containing entries of baptisms 1620–1662 and 1699–1708; marriages 1640–1708; and burials 1631–1687 and 1697–1708.

Vol. II consists of six leaves of parchment in a parchment cover, measuring 14 inches by 5½ inches, and containing entries of baptisms 1715–1727; marriages 1709–1727; and burials 1709–1729.

Vol. III consists of thirteen leaves of parchment in a parchment cover, measuring 16 inches by 6½ inches, and containing entries of baptisms 1732–1762 (deficient 1740–1742); marriages 1736–1761; and burials 1732–1762 (deficient 1737–1742).

Vol. IV is a parchment book, containing entries of baptisms and burials from 1763–1812.

Vol. V is a paper book, folio, containing entries of marriages from 1754–1812.

These marriages have been extracted by Mr. Thomas M. Blagg, and are now printed under his supervision, by permission of the Rev. J. H. Heath, vicar of Flintham.

Marriages at Granby,

1567 to 1812.

NOTE.—The Registers of the parish of Granby, previous to the year 1813, are contained in five volumes, which may be described as follows :—

Vol. I consists of 28½ leaves of parchment, measuring 13½in. by 5½in., in a parchment cover, and contains entries of baptisms, marriages, and burials from 1567-1688. The entries are, however, entirely missing between 1585 and 1644, and it is also *very* defective from 1673-1688, besides having been badly kept throughout the whole of the 17th century. No less than 19 leaves appear to have been cut out of this volume with a knife, which has also nearly severed several of the remaining leaves.

Vol. II consists of 18 leaves of parchment measuring mostly 12½in. by 7½in. Four of the leaves, however, measure 15½in. by 6in., these four leaves apparently cover the years 1689 to 1703, but the entries on them are in places very much rubbed and faded. The whole volume covers the years 1689-1736, and appears to have been cut to pieces and afterwards stitched together in a very hap-hazard fashion. A leaf or two is apparently missing from this volume also, as no entries can be found between 1736-1741, except five entries of marriages in 1736-8 which appear by themselves at the bottom of one of the leaves.

Vol. III consists of 12 leaves of parchment, measuring 12½in. by 7in., and bound in parchment boards, and contains entries of baptisms and burials from 1741-1776 and of marriages from 1741-1752.

Vol. IV consists of 12 leaves of parchment, measuring 12in. by 8in., bound in parchment boards, and contains entries of baptisms and burials from 1776-1812.

Vol. V is a small quarto, a paper book of printed forms, bound in rough calf, and contains entries of marriages from 1755-1812.

These Registers have been transcribed and collated by Mr. Thos. M. Blagg, and are now printed under his supervision by permission of the Rev. C. R. Storr, Rector of Granby.

Marriages at Hawksworth,

1569 to 1812.

NOTE.—The following is a collation of these registers :—

Vol. I contains the years 1569 to 1727. It is of parchment, with limp parchment cover, measures $12\frac{1}{2}$ inches by $5\frac{1}{2}$ inches, and contains fifty-three leaves. The bottom half of the thirty-first leaf is cut off; a slice is taken out of the upper half of the forty-first leaf, and also similarly out of the last leaf, the fifty-third. The volume is well stitched together with catgut, and is in good condition. It is marked on the back No. 1. The entries of baptisms, marriages and burials are mixed together till 1708, when in this Vol. and throughout Vol. II separate lists are given year by year of baptisms, burials and marriages.

Vol. II includes the years 1728 to 1752. It is of parchment, with stiff white vellum binding, measures 14 inches by $6\frac{1}{4}$ inches, and contains nineteen leaves of parchment, all perfect. Inside, on the front cover, is a copy and translation of dedication inscription on the tympanum stone at Hawksworth. Then follows a list of the rectors of Hawksworth, which is continued on the back cover on the inside. The nineteenth leaf contains a terrier of buildings, tithes, glebe, etc. It is marked on the back No. 2. The baptisms, marriages and burials are in separate lists year by year.

Vol. III is the ordinary paper book, and with marriage forms adopted under Lord Hardwicke's Act. It is bound in brown leather, with a square ornamental stamping upon it, and measures 15 inches by $9\frac{1}{4}$ inches. The first seven leaves of the volume have only been used. It is marked on the back No. 3.

This transcript has been prepared by the Rev. John Standish, and has been collated with the original register. It is now printed by permission of the Rev. J. G. Bayles, vicar of Hawksworth.

Marriages at Kneeton,

1592 to 1812.

NOTE.—The earlier registers of Kneeton are contained in four volumes, which may be collated as follows:—

Vol. I consists of 28 leaves bound, for protection, in marbled boards with leather back. The first 22 leaves are parchment, and measure about 12 inches by $5\frac{1}{2}$ inches. The 23rd leaf is fragmentary, about 5 inches square. Then come 4 narrow paper leaves, measuring 12 inches by 4 inches, containing entries from 1645 to 1663. The last leaf is of parchment, $11\frac{1}{2}$ inches by 5 inches, and bearing entries of baptisms and burials for one year, 1644-5. The whole volume contains entries of baptisms, marriages and burials from 1591 to 1730.

Vol. II is in a parchment cover, and consists of—First, two fly leaves of paper, one of which bears five entries relating to the Boswell family; then 11 leaves of parchment, $12\frac{1}{2}$ inches by $7\frac{1}{2}$ inches, containing entries of baptisms and burials from 1729 to 1812, and of marriages from 1730 to 1754. Then comes another leaf of parchment giving a Terrier of the land belonging to the curacy of Kneeton in 1809; after which we get a fly-leaf of paper bearing an inventory of the books, vestures and vessels belonging to the church of Kneeton in 1735.

Vol. III consists of 6 leaves of parchment and 4 of paper (3 of which are blank), measuring $13\frac{1}{2}$ inches by $8\frac{1}{2}$ inches, in a paper wrapper, and contains marriages from 1756 to 1793.

Vol. IV. consists of 5 blank paper fly-leaves and 17 leaves of parchment (13 of which are unused), and contains entries of marriages from 1795 to 1810. The leaves measure $12\frac{1}{2}$ inches by 8 inches.

The marriages have been extracted by Mr. Thos. M. Blagg, and are now printed under his supervision by leave of Mr. C. Neale, Churchwarden.

Marriages at Orston,

1590 to 1812.

NOTE.—The registers of the church of St. Mary the Virgin at Orston, down to 1812, are comprised in four volumes, as follows:—Vol. I, baptisms, marriages and burials, 1590 to 1640; Vol. II, baptisms, marriages and burials, 1654 to 1673; Vol. III, baptisms, marriages and burials, 1702 to 1771; Vol. IV, marriages and banns only, 1754 to 1812. The first three volumes were repaired in 1804 by the Rev. Edw. Robson. The marriages were extracted by Mr. W. P. W. Phillimore in May and June, 1896, and are now printed by permission of the Rev. T. W. Swann, vicar of Orston. The proof has been collated with the original registers by the Rev. John Standish.

Vol. I, 1590 to 1640; parchment; 29 leaves, the last five being tattered and eaten away; $4\frac{1}{2}$ inches by 12 inches; entries mixed; endorsed "1589 to 1640." But the first page commences—"A register book for Orston, [Anno] Domini 1590; Weddings, Burials and Christenings eod. anno." There are three entries at the foot of the first page, dated 1584, 1587 and 1589. They are the baptisms of Anna, Abigail and Johannes, children of Hugh Maltbie, which evidently have been added, though apparently by the same hand as the other entries on the page. The Maltbys have for centuries been one of the principal Orston families. This volume was repaired in 1804 by the Rev. Edw. Robson, vicar.

Vol. II (1654 to 1673). This volume contains 13 parchment leaves, and was repaired in 1804 by the Rev. Edw. Robson, vicar. The first four pages (1654 to 1659) are written in an illiterate style, and are faded. A change for the better takes place in 1660, when the register is signed by Ezekial Diglin, vicar. Births, not baptisms and burials, are separately recorded, but not the weddings, so that a gap exists in them from 1640 to 1660.

Vol. III. "Commencing from y^e Death of Mr. Thomas Speight, late vicar, who died April y^e 27^h, Ano Dni. 1702." In the cover is the following memorandum:—"Years in the old Register Books, 1591-1592, downwards to 1681. There wants about 21 years. Preserved from an old loose leaf prefixed to this book. E.R." Repaired by Edw. Robson, vicar, 1804.

Vol. IV (1754 to 1812). This register has suffered much from damp. It is not on a printed form, as usual, but is written throughout; at the end are entered banns from 1754 to 1807, but many banns are entered amongst the marriages. Two weddings are entered amongst the banns at the end.

[*End of Vol. IV.*]

Marriages at Scarrington,

1571 to 1812.

NOTE.—Vol. I is a narrow parchment register, $5\frac{1}{2}$ inches by $14\frac{1}{2}$ inches, containing 18 leaves in limp parchment backs. Baptisms are first given from 1570–1600; then a page of weddings from 1571–1597; burials follow up to 1597; then follow christenings, burials, and marriages mixed, to 1695. The third leaf is a smaller one, and contains list of fees on one side, and a contemporary record to the Mary Armstrong Charity on the other. Number 5 is a short leaf; No. 10 a mere strip at the top; the 18th leaf measures $7\frac{1}{2}$ by $5\frac{1}{2}$ inches and is sewn on to the limp back. It is out of place, and contains the years 1644, 1645, 1646, 1639, and 1640.

Vol. II is a parchment in stiff boards of 29 leaves. "Thomas Mitchell—Guardianus fieri fecit 1735." It is a well written register, up to 1728, baptisms, marriages, and burials, being kept together under separate years. Turning the book upside down we have, beginning at the other end, baptisms and burials from 1770 to 1812. Then follows a mixed register from 1729 to 1769, the years 1754 and 1755 coming last and out of place.

Vol. III is a paper register, the first 17 leaves only being used for entries. It is bound in stiff boards, and measures $9\frac{1}{4}$ by $7\frac{1}{2}$ inches. The entries are banns and marriages only. Curiously enough this register was discovered in the hands of an auctioneer at Boston, and was bought of him by the parish of Scarrington for 5s., January 28th, 1863, W. J. Mellish being vicar.

There is pinned to the first fly leaf a piece of parchment containing a schedule of all books, vestments, and vessels, belonging to the Church of Scarrington, June 10th, 1735.

These weddings have been extracted by the Rev. John Standish, and are printed under his supervision, after collation with the registers.

SEPVLTII.

In many cases there are no entries under these headings, and in some instances entries of a later date have been irregularly entered in the blank spaces. The volume varies very much in the handwriting, being in places very illiterate in style, and also considerably faded. The classification of the entries is not carried on throughout the book. No marriages are entered in this volume after 1751.

Vol. II, being the one kept in pursuance of Lord Hardwicke's Marriage Act, covers the period from 1755 to 1812, though no marriage is recorded in either 1811 or 1812.

These marriages have been transcribed by Mr. W. P. W. Phillimore and the Rev. T. W. Swann, by whose permission they are now printed, after being collated with the original registers by the Rev. John Standish and the Rev. T. W. Swann.

Marriages at Whatton in the Vale,

1538 to 1812.

NOTE.—The parish of St. John of Beverley, at Whatton, included the important township of Aslockton, or Aslacton, which sent its own churchwarden to Whatton, and in ancient times possessed a chapel dedicated to the Holy Trinity, some slight remains of which may still be seen in a cottage in the village. It was severed ecclesiastically from the mother church of Whatton in the year 1867, and now parishes to the neighbouring village of Scarrington. It once more possesses a chapel, dedicated to St. Thomas, on a new site in Aslockton, and built in memory of the Rev. T. K. Hall, sometime vicar of Whatton, a keen antiquary, who was lost at sea in the "Quetta" in the year 1890. Consequently all Aslockton marriages must be looked for in Whatton Registers.

This transcript is prepared by, and is printed under the supervision of, the Rev. J. Standish, with the permission and help of the Rev. G. W. Oxenham, vicar of Whatton.
